David Pollard

Qualifications

B.Econ (Hons) MA PhD

Experience

Dr Pollard is the Chief Executive Officer of VicForests, a Victorian Government owned corporation set up to market commercially Victoria's publicly owned native forest resources. Since joining as inaugural CEO in 2004, he has commercialised Victorian native forestry operations, ensured the design and implementation of a web-based auction system for the sale of timber, taken over harvest and haulage operations from private operators, placed all harvest and haul work on an open tender basis and ensured the training and upskilling of all staff. He has had the operations of the corporation certified to the Australian Forestry Standard.

He has presented to a number of international conferences on themes in public policy, including regulation and the management of information and in 2003 was awarded the Commonwealth Centenary Medal for services to public sector management.

He is a lecturer in the MBA program, specialising in macroeconomics at Melbourne Business School and is a Senior Fellow, Melbourne University.

GOVERNMENT
